

AIR/WATER SYRINGE TIPS

Easy-to-use disposable syringe tips require no adapter. Two chamber construction with separate air and water eliminates water in air chamber. Unique four-vent air channel design ensures immediate dry air without cross-contamination and provides optimal air and water spraying power. Latex-free.

FEATURES

2-chamber construction

4-vent air channel design

Beveled ends

BENEFITS

Eliminates water in air chamber

Ensures immediate dry air without cross-contamination

No sharp edges; patient safety
